A 501(C)3 Non-Profit Organization

The voter turnout of Chinese Americans is about 20%-30%. The voice of Chinese Americans would be ignored by this relatively low voter turnout. To have the voice of Chinese Americans heard, to strive for the rights of Chinese Americans, and to promote the status of Chinese Americans, voting is the first step!

爭取華人權益，提升華人地位

## Strive for Chinese Americans' Rights

## Enhance the Status of Chinese Americans

Chinese American Citizen Right Alliance's (CACRA) mission is to protect Chinese Americans' rights by educating citizenship rights, encouraging Chinese Americans to vote, providing voter information, and supporting and assisting immigrants who are interested in becoming United States citizens. We present non-partisan and unbiased information and recommend individual voters vote for what they believe in. We hope to improve Chinese Americans' quality development and promote Chinese Americans' status in the United States. We also hope that our suggestions and concerns can be heard and recognized at city, state, as well as federal levels.

Many people immigrate to the United States in hopes to have a better life and to give their children a decent education for a bright future. In United States, we recognize human rights, right to vote, freedom of religious, freedom of speech, equal opportunity and basic social protection. However, we still need to strive for our rights in order to truly receive and protect the rights. Below are the best approaches:

1. Become Citizen
2. Register as voter.
3. Take action to Vote
4. Participation in Local community activities
5. Encourage others to become citizen and to vote
6. Explain citizen right to others

We have to advocate and protect our right. Fight for the higher status of the next generation of Chinese Americans.

很多人選擇移民到來美國，希望爭取較好的生活，希望能給子女好的教育，而能有好的將來。在美國我們確認人權，宗教自由權，選舉權，發言權，平等機會和社會生活的起碼保障等等。但確實保障我們的權力亦需要我們自己爭取，而最好的方法是

1. 成為公民
2. 登記為選民
3. 投票
4. 參與社區事項
5. 鼓勵其他人成為公民, 投票
6. 解釋公民權利給與其他人

我們放眼世界，有多少人能有這些權力？我們要爭取我們的權益，要盡量為下一代做準備，為他們鋪一條通路，為要將華人的地位更上一層樓。行使你們的公民權利。
